# About RMHC® Alberta

With almost 70% of Canadian families living outside of a community with a children's hospital, many will need to travel to access specialized medical treatment. Serving more than 1,100 families with over 21,000 nights of comfort in 2022, the four Ronald McDonald Houses in Alberta provide all the essentials of a home: warm beds, hot showers, laundry facilities, family-friendly kitchens, and playrooms. We also offer Home for Dinner meals, shuttle services, recreation and selfcare programming, and more, saving families over 8.5 million dollars each year.

The Houses provide more than a place to rest— they're where families can support each other while staying close to the critical care their child needs. Having a Ronald McDonald House close to a hospital in Alberta is an important part of family-centred care, helping alleviate the tremendous emotional, financial, and physical burdens families face when their child is seriously sick or injured.

**We cannot provide comfortable, compassionate, and affordable accommodations without fundraising.**

# Dennis Family

---

"At 2 weeks old, our little man, Briggs, got sick and was rushed to Alberta Children's where he was urgently admitted into the PICU. As everything was happening so fast around us, two amazing social workers encouraged us to take an available spot at the Ronald McDonald House. Little did we know that this would become our home for the next week and where we would spend our boy's first Christmas. We always knew how special Ronald McDonald House was, but it has taken up an even bigger place in our hearts. We are forever grateful for the way that our family was cared for and hope to be able to repay just a fraction back so they can continue to bless families just like ours."
