About RMHC® Alberta

With almost 70% of Canadian families living outside of a community with a children's hospital, many will need to travel to access specialized medical treatment. Serving more than 1,200 families with over 25,000 nights of comfort in 2023, the four Ronald McDonald Houses in Alberta provide all the essentials of a home: warm beds, hot showers, laundry facilities, family-friendly kitchens, and playrooms. We also offer Home for Dinner meals, shuttle services, recreation and selfcare programming, and more, saving families over eight million dollars each year.

The Houses provide more than a place to rest— they're where families can support each other while staying close to the critical care their child needs. Having a Ronald McDonald House close to a hospital in Alberta is an important part of family-centred care, helping alleviate the tremendous emotional, financial, and physical burdens families face when their child is seriously sick or injured.

We cannot provide comfortable, compassionate, and affordable accommodations without fundraising.

Jensen Family

"Henry was born with chronic kidney disease that quickly turned into end stage renal failure. He needs long term treatment at a children's hospital to sustain his life. We now live in Calgary to have a home near the Alberta Childrens Hospital but in our journey to get here we've spent over 300 nights in Ronald McDonald House in Calgary and Vancouver. We are so grateful for the care and hope to help other families ease the financial and emotional burden of having a sick child."
